Subject : Application for admission on transfer certificate

Sir

I would like to state that I am a student in class XI of Pabna Govt. College, Pabna. But my father has recently been transferred to Rajshahi. Our family has also shifted (স্থানান্তরিত হয়েছে) here. So it is impossible for me to continue there. Now I want to get admitted into your reputed College on transfer certificate.

I, therefore, request you to admit me into your college and oblige thereby.

02 Write an application to the principal of your college for increasing multimedia facilities in the classrooms. [RB '14]

28.05.2017

The Principal

Dhaka City Women's College

Dhanmondi, Dhaka.

Subject : Application for increasing multimedia facilities in the classrooms.

Sir,

With due respect, I beg to state that ours is a prominent college in the city. But it's a matter of great regret that we have no modern facility in our classrooms. A large number of students have to attend the classes without getting adequate learning facilities. We need various kinds of learning and multimedia facilities. It will help us to be more concentrated on our study and to keep pace with the modern age.

I, therefore, pray and hope that your honour would be kind enough to grant the application and oblige thereby.

Subject : Application for setting up an English Language Club

Sir

I, on behalf of the students of class XII, beg to state that our skill in English Language is very poor. Most of the students get poor marks in this subject. There are many promising students in our class who want to practise speaking English. But they can not do that for want of an English language club. That is way we feel the necessity of an English Language club where there will be enough facilities and equipments (উপকরণ) for practical use of English.

I, therefore, hope that you would be kind enough to take the initiatives for setting up an English Language Club and oblige thereby.

Dhaka

Subject : Application for facilities in the Computer Lab

Sir

I, on behalf of the students of class XI, have the honour to state that a computer lab was set up in our college last January so that we could broaden our knowledge. We were highly enthusiastic about it. But unfortunately this noble initiative is not serving the purpose. In fact, the lab lacks the facilities. First, there is not sufficient number of computers in the lab. Only a few computers cannot satisfy the need of many enthusiastic computer users. Secondly, we do not have internet facilities in our lab. Internet connection can ensure us to introduce with a vast informative world.

I, therefore, pray and hope that you would be kind enough to increase the facilities in our computer lab and oblige thereby.

Subject : Application for setting up a debating club/ an English debating club in the college campus

Sir

With due respect, we would like to state that ours is one of the most renowned colleges in the district. Here, most of the students are encouraged to perform many co-curricular activities along with increasing their English speaking skill in Bengali and English. But it is a matter of regret that we do not have a debating club in our college and there is no scope to arrange regular debating activities. Now we earnestly feel the necessity of setting up a debating club/ an English debating club and arranging regular debating activities in our college.

We, therefore, pray and hope that you would be kind enough to take necessary steps for setting up a debating club/an English debating club in our college and oblige thereby.

10 May 2017

The Principal

Cantonment Public School & College

Jahanabad, Khulna

Subject : Application for providing sound system

Sir

We, the students of your college, would like to draw your kind attention to the fact that we are facing the problem of sound system in our class room. During the combined classes (English and Bengali), the students of all groups join together. That is why the students who sit in the back benches can not hear the valuable lectures of the teachers. So, we keenly feel the necessity of sound system for our large class rooms.

We, therefore, pray and hope that you would be kind enough to take necessary steps for providing sound system for large class rooms.

Subject : Application for setting up a charitable dispensary

Dear Sir

With due respect, I would like to draw your kind attention to the following fact that the poor people of our locality are deprived (বঞ্চিত হওয়া) of medi-care. Many poor families cannot go to the upazila health complex. Many people have died premature (অকাল) deaths for want of proper treatment. So, it is necessary to open a charitable dispensary here for giving the medical services to my poor and under privileged (সুযোগ সুবিধা) people.

I, therefore, hope that your esteemed honour would be kind enough to consider my appeal for

the welfare of the poor and oblige thereby.

Faithfully yours

Subject : Request for taking action against Eve Teasing

Sir

I would like to draw your kind attention to the fact that recently Eve Teasing has increased alarmingly in our locality. School or college going girls on the way to their institution often fall victim to eve-teasing. I myself also am a victim to this evil practice. We have already made a complaint to the local thana against it.

In these circumstances, I do request you to take some quick action against Eve-teasing prevailing in our locality and oblige thereby.

Yours faithfully

Dear Sir

I would be highly grateful to you if you publish my letter in your letters column and help raise public awareness about the problem of pollution in our locality.

Faithfully yours

Air/ Water/ Sound Pollution

Pollution of any kind is dangerous for human life to live in this world. The disposal of various kinds of wastes is seriously polluting the environment. We know that air is an important element of our environment and it is polluted regularly by the smoke of fire, burning coal and oil, mills and factories, etc. Water, another vital element of the environment is also polluted in different ways. The use of chemical fertilizers and insecticides, throwing the dumping oil, food waste and human waste in water — all pollute it. The next factor is sound pollution from vehicle horns and microphones. All these pollutions cause various dangerous diseases like cancer, bronchitis, cholera, diarrhoea, deafness, etc. So the sources of pollution have to be found out immediately. Otherwise we must face great danger in life. Consciousness and co-operation are very necessary in this respect.

Sir

I shall be highly pleased if you kindly publish the following article in your daily.

Faithfully yours

Md. Jahidul Islam (Jahid)

Insufficient Water Supply in Our Locality

We, the inhabitants of Wari Thana of Dhaka city, are suffering from insufficient water supply. We all know that water is the most important element in our daily life. But it has now become the issue of our concern. Everyday we have to wait eagerly for water supply all day long. Without water we can not do any work. We cannot take bath; cook food and many other activities due to lack of water. So, the suffering of the people knows no bound. We informed the matter to the authority of WASA of our locality but they didn't pay any heed to our problem. So, immediate steps must be taken to save the people of our locality.

Load shedding cripples city

The people of Kamrangir Char are suffering from acute power crisis problem in the peak hours. Load-shedding occurs in this area eight to ten times a day. This disruption in power supply is severely hampering daily life and business activities. Academic activities of students both at home and educational institutions are being hampered due to load shedding. Besides, production at mills and factories, treatment at hospitals and clinics are also badly affected. In these circumstances, everyone concerned is urged upon to take immediate and effective measures to reduce load-shedding.

High prices of essential commodities

The prices of essential commodities, such as rice, dal, wheat, oil, vegetables, etc. have gone up during the last few months in our metropolitan city. Nowadays rice sells at Tk. 50 or 55 per kg. It has already gone beyond the buying capacity of the common people and many of them have been living on one meal a day. Mustard oil, is currently selling at Tk. 170/ per kg. But in many cases it is found adulterated. Fish which is now scarcely available in the market is selling very dear (বড় দাম). Besides, the prices of vegetables have gone up very high. The high rates of rising prices of food stuffs and essential commodities are causing great hardship to the people of all classes. Something must be done to check this unjustifiable and unscrupulous tendency of high prices

of essential commodities in the market. The government should take immediate effective measures to keep down the prices of necessary things as much as possible.

Dear Sir

I will be very thankful to you if you kindly publish the following problem related to our daily life in your famous daily.

Truly yours

Sarwar

(Md. Sarwar Hossain)

Problems Created by Traffic Jam

Traffic jam has become a national problem in Bangladesh. It is simply one persisting problem that has been troubling the nation for long. But it has some various aspects that hamper (ক্ষতিগ্রস্ত করা) the national development.

Everyday traffic congestion (ভিড়) eats up a huge amount of work hour in the capital. At least two million people go out in the morning for office and return home in the evening. On the way they have to waste at least two hours on average.

Besides, a huge amount of fuel is burned due to traffic jam. As a result, both the individual and the nation have to incur huge loss.

Students often fail to reach their examination centers in time due to this problem. There are reports that serious patients die in the ambulance as they could not be sent to the hospital on time.

Considering all the above facts, the government should take up some bold measures to address the traffic jam issue. Otherwise, the nation will continue to count loss in various ways.
